SIR,

Sub - Entertainment of a gang of 12 men for Pyrethrum Kerosine work at Kempapur Agrahar as anti-malarial measure

Adverting to G O No L 8017-8/M1 10-48-60 dated 1-1-1949 sanctioning the entertainment of a seasonal gang of twelve men for a period of 3 months from 1st August to December 1948, for the above purpose, I have the honour to state that the Municipal Council at their meeting held on 28-9-1948 have approved of the opinion of the Health Committee dated 22-7-1948 to the effect that the continuous pyrethrum spraying at this place as anti-malarial measure and that the usual gang of twelve men might be employed for this purpose

As the sanction accorded in the Government order referred to above expires by the end of December 1948, the gang sanctioned by the Council has been continued from 1-1-1949 The total expenditure to be incurred for the current year will be met out of Rs 25,000/- provided in the current year's budget under temporary Anti-malaria and Culex Establishment page 20 of the sanctioned budget

I request you to be so good as to obtain sanction of Goverment to the resolution of the Council as the establishment is quite necessary in the interest of public health

Copies of the Council resolution and the Health Committee are enclosed herewith for information

Yours faithfully,

Municipal Commissioner

For Municipal Commissioner

Proceedings of the meeting of the Council dated 28-9-1948

Opinion of the Health Committee dated 22-7-1948 sanctioning the proposal for Rs 6000/- for continuous pyrethrum spraying at Kempapur Agrahar as anti-malaria measure

---

Sri G Venjappa observed that proper steps should be taken to destro mosquito breeding in the City. Mosquotoes were on the increase and wanted that immediate steps should be taken to destroy the same

Sri Pujadalaiah observed that Kempapur Agrahar was the origin and source for mosquitoes The drainage water from the Minerva Mills and Tinny mills passed through this locality and the place was very marshy and mos insanitary There was no drain and the water was allowed to pass through detriment to public health and sanitary. He stressed the need to construct a drain immediately so that all the sewer and storm water might conveniently be passed through without stagnation

Sri G S Devadoss observed that it was better that the Health Officer visits Manaya, Madaur etc , and study the several methods adopted for the destruction of mosquitoe breeding There was a remarkable improvement in this regard in Manaya and wanted the same being applied here also

Sri R Subbanna suggested that D D T Oil may be used on a large scale and bring down the growth of mosquitoes

Resolution approved

Subject Entertainment of a gang of 12 men for pyrethrum Kerosene work in Kempapura Agrahar in Bangalore city

Sir,

With reference to your letter No A5-C 457 dated the 18th March 1949 on the above subject I am directed to state that the resolution

of the Municipal Council
dated the 28th Sept 1948
sent herewith does not
specify the period of
appointment of the aforesaid
establishment nor
the details for the
same ie the number
of hands, pay etc and
other incidental charges
in connection with this scheme
I am to request that these
particulars may be furnished
to enable further action being
taken in the matter. The receipt of
the same may kindly be acknowledged.
